

Helping people find purpose in Jesus through genuine relationships. 2025

### Godspeed: Technology

Our new series is on time. How do we live in time in such a way that it helps us to connect with God? And for time to help us grow into our life's purpose with God, rather than distract? This week we are discussing how technology changes our pace. This leads not only to a life that distracts us from connecting with Jesus throughout our day. It also leads us to be shaped in a certain way by the messages that come through this fast-paced technology. Our passage for this week will be the Tower of Babel in **Genesis 11**. In this ancient passage, we will find surprisingly modern wisdom for technology and life with God. Wisdom that truly gets at the root of what drives us to such a restless hurry with technology. Join us this Sunday in our Sanctuary at **9:00am and 10:45am**. If you are not able to meet with us in person, please check out Westminster **online** at [wpcmedford.com](http://wpcmedford.com) or on our Facebook page.
