

Helping people find purpose in Jesus through genuine relationships.

EXILES: LOVING LIKE JESUS

Is 1 Peter 3:1-7 really about preserving traditional power in marriage? Or is Peter doing something far more surprising? This Sunday, we'll try to see past our modern biases and step into the world of the first century, to discover how Peter takes the ordinary household and begins reshaping it through the self-giving love of Jesus. Join us as we see why this challenging passage remains deeply relevant for marriages, and for anyone seeking to follow Christ today. Connect with us in person at 9:00AM or 10:45 AM in our Sanctuary, or online at wpcmedford.com or on our Facebook page.

The only way to know for sure when it begins is to be there to see it happen. **Click the link.** Find a date. Plug yourself in.
